## To Prepare:

- Print off the number of pumpkins you desire (either in color or black and white) onto card stock, cut out and laminate.
- Place in a pocket chart or on a workspace such as a table top or floor.

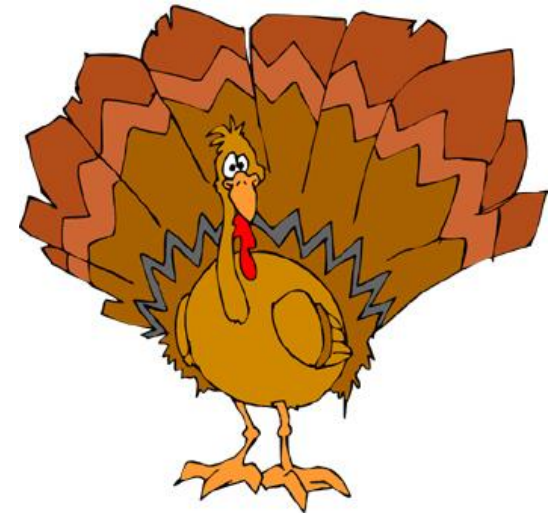

## Game Suggestions:

- Practice numbers or number words on the pumpkins as provided.
- Practice letter names and/or sounds on the pumpkins as provided.
- Practice reading color words on the pumpkins as provided.
- Write sight words on pumpkins.
- Write word family words on pumpkins.

## To Play: (for 2 players)

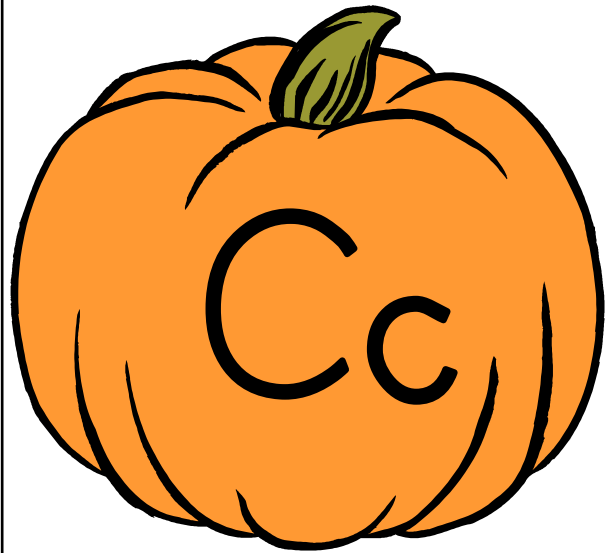

- Player one hides his eyes while player two hides the turkey behind one of the pumpkins.
- Player one opens his eyes and listens to clues from player one as to where the turkey is hiding to help him find the turkey.
- For example, if you use numbers on the pumpkins, you could name numbers that come before or after the number or say  $\_\_ + \_\_ =$  this number. If you use words, you can give clues, like "The turkey is hiding behind a word that has four letters", etc. Clues should be simple for younger children and harder for older.
