

# *Cursive* Handwriting Worksheets

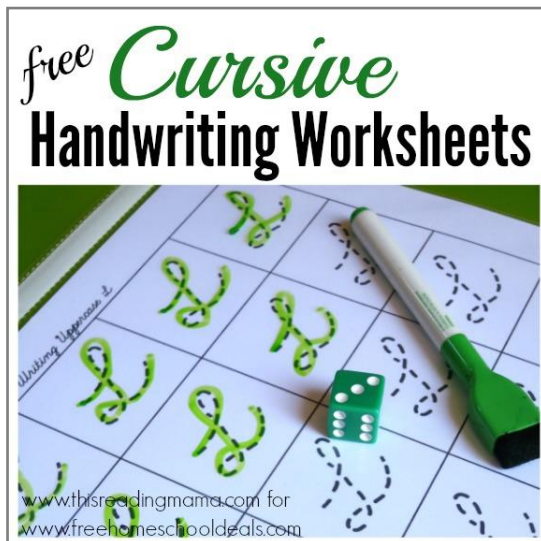

## *To Prepare:*

- You will need a die, a plastic sheet protector (or laminate the pages) and a dry erase marker. These pages can also be done without using the plastic sleeve protector; they will not be reusable in this case.
- Print off the handwriting pages your child/student needs to work on. Both upper and lowercase cursive letters are included.

## *To Practice:*

- Roll the die and identify the number of dots on the top.
- Trace that many letters on the 20-Grid. For example, if I roll a 3, I trace 3 letters on the 20-grid.
- Continue rolling in this manner until all the letters on the grid have been traced.

*Variations:* Print off 20-grids for 2-4 players (each person with their own grid). Race to see who can complete their grid first. You can also make it so that you cannot complete your board unless you roll the exact number.
